

Years 8 to 12 entry to selective high schools in Application Information **2019**

Please complete the application form. Keep the information section to look at later. **Use a separate application for each school.**

Important Dates

| | |
|------------------------|---|
| Friday 22 June 2018 | The application form is available online and on the websites of selective high schools. |
| Friday 27 July 2018 | Closing date for completed application forms to be returned to the relevant selective high schools. |
| August/September 2018 | Selection committees meet and consider applications. |
| September/October 2018 | Advice about the outcome of applications is sent to parents. |

The number of vacancies in Years 8 to 12 will vary across academic Years and from school to school. Generally the number of vacancies is limited.

Before submitting your application to the chosen selective high school, you should go to each school's website and/or contact the school to find out:

- the school assessment procedures such as testing
- courses and programs offered
- selection criteria
- boarding fees and possible financial assistance for boarders
- geographical isolation factors for boarder agricultural high schools.

This document is also available on the internet at:

<https://education.nsw.gov.au/public-schools/selective-high-schools-and-opportunity-classes/years-8-to-12>

In this document:

- 'selective' includes fully selective high schools, partially selective high schools, Aurora College virtual secondary school and agricultural high schools
- 'parent' is defined under the *Education Act* to "include a guardian or other person having the custody or care of a child".

SELECTIVE HIGH SCHOOLS

Selective high schools cater for highly achieving academically gifted and talented students who may otherwise be isolated from a suitable academic peer group. These schools can provide intellectual stimulation by grouping academically gifted and talented students together, concentrating school resources and using specialised teaching methods.

There are:

- Seventeen fully selective high schools where all classes are academically selective.
- Twenty-four high schools with selective classes (partially selective) in Years 7 and above. Partially selective high schools have community classes as well as selective classes for English, science and mathematics. Students at Sydney Secondary College Leichardt and Balmain campuses offer places in Years 8-10. These students generally proceed to Blackwattle Bay campus for Years 11 and 12.

Alexandria Park, Rose Bay and Tempe High Schools have targeted places available for Aboriginal and/or Torres Strait Islander students.

- Four agricultural high schools (three of which offer boarding places). Agricultural high schools are selective high schools that emphasise the study of agriculture. Boarding sections give some priority to isolated students.
- One virtual partially selective high school, Aurora College. For Aurora College, only students intending to enrol in a government high school in a rural or remote location are eligible to apply. A list of eligible participating schools is available on the Unit's website.

The complete list of selective high schools accepting Years 8 to 12 applications is shown at the back of this document.

Fees

As with all government schools, tuition at selective high schools is free, but schools may ask for a voluntary contribution to cover services such as library, textbooks and curriculum-related resources. Schools may also ask for contributions to cover the purchase of materials in certain key learning areas and to cover costs associated with sports or excursions. Boarder agricultural high schools charge boarding fees.

ENQUIRIES

If you have enquiries, contact the specific selective high school.

Contact details are listed at the end of this document.

HOW TO APPLY

Read this document carefully.

- You may apply for no more than three selective high schools. Look up the school websites that are listed at the back of this booklet to find out about the assessment requirements for entry to Years 8 to 12. Courses may not be the same as the previous school but current courses may be taken into account by selection committees.
- Complete a separate application form for each selective high school you wish to apply for. You must list the schools you choose in the order of priority on every application form. You can use photocopied forms.
- Attach a copy of the birth certificate or other document that verifies the student's name shown on the application.
- Forward each form to the relevant selective high school by **Friday 27 July 2018**.
- Complete any extra forms the school asks for.

AUSTRALIAN CITIZENSHIP AND RESIDENCY STATUS

Candidates must generally be Australian citizens or holders of a visa granting permanent resident status in Australia. Information on Australian citizenship is available on the Department of Immigration and Border Protection website at: <http://www.border.gov.au/Trav/Citi>

You can get a *Certificate of Evidence of Australian Citizenship* to prove your visa status.

Citizens of New Zealand are eligible for selective high school entry. Permanent residents of New Zealand are considered in the same manner as temporary residents of Australia and are not normally eligible.

If you do not meet these residency requirements at the time of applying but expect to meet them by the time offers are made, you are allowed to apply provided you are already living in Australia.

If you qualify for entry on academic grounds but do not meet the residency requirements, including those who hold diplomatic visas, you may ask for special consideration through the review process.

If your application is successful, you must show original documentation, such as a *Certificate of Evidence of Australian Citizenship*, birth certificates or visas, before the school can enrol your child.

Your child's offer or enrolment may be terminated if it is based on false or misleading information.

Residential Address

Your family must be living in NSW by the beginning of the 2019 school year. If your family normally lives in NSW but you are temporarily out of the state, you should expect to return before the student is enrolled in a selective high school. If you continue to live outside NSW after the 2019 school year begins your application will be considered only if there are vacancies after all suitable applicants from NSW have been placed.

APPLICATION AND SELECTION PROCEDURES

Availability of application forms

The application information and application form are available on the internet at:

<https://education.nsw.gov.au/selective-high-schools-and-opportunity-classes/years-8-to-12/application-process>

Selective high schools show the link on their websites and may be able to print a copy of the application form if you are unable to use a computer.

Acknowledgement of receipt of application

Your application will be acknowledged in writing.

Change of application details

Please write to the selective high school(s) you have applied for if there is a change in details such as your child's name, address or school after you have sent your application form. Write to those schools directly if you want to withdraw your application.

Selection Procedures

The number of vacancies at selective high schools in Years 8 to 12 will generally depend on the number of students who leave in the previous year. In some schools there may be no vacancies in some academic Years.

For each selective high school, a selection committee will decide on the students to be offered places and will establish a reserve list in priority order on the basis of academic merit. The selection committee comprises at least two people, including the selective high school principal and a parent representative.

The selection committee may ask for further information or arrange for additional assessment procedures if required.

Testing

If it is required by the selection committee, students may be asked to take a test. In this case, the school will provide you with reasonable notice of the time, date and place of the test.

Where testing is conducted by the school, students found to be cheating risk disqualification from the test.

Schools may request a test administration fee.

Notice of Outcome

You will be notified in writing about the outcome of your application. Some later offers may be made by telephone. Students may be:

- offered a place
- put on the reserve list
- advised that they did not qualify for placement.

If your child is placed on a reserve list, it applies only to the school year you applied for.

This information will be provided by each school you applied for.

Response to offers

If you receive an offer, please respond to the school as soon as possible. If you do not respond within 14 days or within the time specified on your offer letter, the school may assume that you do not want to accept the offer. Where your offer is made by telephone you must respond within 24 hours.

If you will be away on holidays when offers are being made, you should leave contact details with the selective school(s) or delegate someone to respond on your behalf.

If you accept the offer you will be sent an *Authority to enrol* letter by the school. For government high school students the selective high school principal will then arrange for the student's records to be transferred. The offer will be withdrawn if the student fails to enrol at the school at the beginning of the school year without providing a satisfactory explanation. You cannot defer enrolment beyond the first day of Term 2, 2019. You must negotiate any deferment with the principal.

If you accept the offer then later change your mind, please tell the school immediately so that the next eligible applicant can be offered the place.

If you decline the offer, you will be sent a letter to confirm this.

Reviews

If you wish to contest a decision of the selection committee, you should contact the school within 14 days of the date on the outcome letter with detailed reasons why you believe the selection committee's decision should be reviewed.

You can request a review if you have evidence that the stated criteria for selection were not considered or the stated process was not followed.

You should include information such as:

- factors which may have prevented the student from gaining a place
- any supporting material, where applicable. Reviews based on illness must include a medical certificate covering the date of the assessment.

Decisions cannot be reviewed if they are based on:

- other assessments such as NAPLAN or competitions
- in-class rankings of one candidate over another
- disruption to learning while the student is on holiday or overseas
- pre-diagnosed or known illness or medical conditions
- moving house
- insufficient documentation supplied to the school with the application.

For performance-based appeals, only evidence relating to performance in 2017 and 2018 will be considered.

The selective high school will review the decision and will notify parents about the outcome. Following the outcome of the review, if you wish to appeal further, you can write to the local Director, Educational Leadership.

Transfers and Repeating

Students cannot automatically transfer between selective high schools. If the student is already enrolled at one selective high school and wants to go to another, you must fill out an application form for entry to Years 8 to 12 and lodge it directly with the selective high school you want your child to attend. The application must be submitted before the closing date each year. If the student is currently enrolled in a selective high school and you wish your child to repeat the Year in 2019, you should discuss the matter with the principal before applying.

ENROLMENT POLICY

The NSW Department of Education has a responsibility to assess and manage any risk of harm to its staff or students. This includes assessing and managing risks posed to students or staff at a school by any student. Where relevant, such situations will be dealt with in accordance with the NSW Department of Education enrolment policies

and procedures. Information for parents regarding enrolment is available at:

<https://education.nsw.gov.au/going-to-a-public-school/enrolment/general-information>

ENTRY TO BOARDER AGRICULTURAL HIGH SCHOOLS

Priority for placement in boarder agricultural high schools will be given to geographically isolated students and then to other country students. Some priority will also be given to students who would have to travel extensively to study agriculture. The academic merit of boarders admitted to boarder agricultural high schools on the basis of isolation must be comparable to that of other boarders and day students at the school. For boarder placement, extra consideration may be given to students who have brothers or sisters already attending the school.

If applying for a boarder place you should complete all of the boarder agricultural school section on the application form including:

- isolation factors
- interest in agriculture
- ability to cope in a boarding situation.

In addition to satisfying residency requirements and other conditions for entry, enrolment as a boarder student is subject to the provision of a medical report for the student and the submission of a signed boarder agreement.

Boarder Students

Farrer Memorial Agricultural High School enrolls boarder and day boys only. Agriculture is a compulsory subject for Years 7 to 10.

Only students who live in rural areas can apply for boarder places at Hurlstone Agricultural High School.

Hurlstone Agricultural High School enrolls co-educational boarder and day students. Find information about future changes to boarding at Hurlstone Agricultural High School at <http://www.hurlstone.com.au/>.

Yanco Agricultural High School enrolls co-educational boarder students only. Agriculture is a compulsory subject for Years 7 to 10 and is optional in senior years.

For Farrer Memorial Agricultural High School and Hurlstone Agricultural High School, a student successful in gaining a boarder placement cannot later be automatically transferred to a day student place as the placement process is different for boarder and day places.

Boarder Fees

You must confirm the 2019 boarding fees and the timing of payments with the school.

Boarder agricultural high schools can charge an application fee, which you pay when you accept a boarder place. The school deducts that amount from the fees you pay when you enrol your child. If you withdraw your child after accepting the offer of a place, the application fee is not returned to you.

In addition to satisfying boarder requirements and other conditions for entry, you must provide a satisfactory medical report and pay the boarder fee.

Note: You must sign a **boarder student agreement** undertaking to pay the boarder fees on the first day of each term. If you do not pay your fees in full and on time, your child's offer may be withdrawn or enrolment terminated.

Financial Assistance for Boarder Students

Find information about the following types of financial assistance at <https://education.nsw.gov.au/rural-and-distance-education/rural-and-remote-education>

A. Secondary students living away from home allowance (LAFHA)

Application forms are available from boarder agricultural high schools and the Allowances Officer, Secondary Students' Living Away From Home Allowance, Rural and Distance Education, PO Box 717, Bathurst NSW 2795. Telephone 02 6334 8070.

B. Boarding Scholarships for Isolated Students (BSIS)

C. Assistance for isolated children scheme (AIC)

Information about this scheme is published by the Department of Human Services. The information is available from Centrelink offices or you can telephone 132 318.

In addition, students may be able to obtain assistance from Youth Allowance (phone 132 490) or ABSTUDY (phone 132 317), both of which are administered by the Commonwealth.

Please contact the specific boarder agricultural high school for more details about schemes that provide financial assistance to boarder students.

SELECTIVE HIGH SCHOOLS

Alexandria Park Community School

(co-educational, partially selective) [Years 8 to 10]
Park Road, Alexandria 2015
